

REMARKS

This is in response to the Office Action dated July 20, 2006. With this response this specification is amended and all pending claims are presented for reconsideration and favorable action.

In the Office Action, the Examiner noted a typographical error and identified page 12, lines 14-15. With this Amendment, that sentence is deleted and it is believed that the objection to the specification may be withdrawn.

The Examining Attorney also noted an error to the drawings, specifically with reference to FIG. 9. The specification at page 12, line 18 has been amended to include the reference to element 606.

In view of the above amendments, it is believed that the present application is in condition for allowance. Such action is respectfully requested.

The Director is authorized to charge any fee deficiency required by this paper or credit any overpayment to Deposit Account No. 23-1123.

Respectfully submitted,

WESTMAN, CHAMPLIN & KELLY, P.A.
